Starting Jan. 21, 2021; 10:00 - 11:00 am
(516) 456-7631

Association to offer additional support groups.

Support groups provide opportunities for caregivers affected by Alzheimer's disease or a related dementia to share their experiences and receive support, guidance and inspiration. Support groups help caregivers learn more about the disease, as well as understand the feelings about how dementia affects our daily lives. The Willing Hearts, Helpful Hands Caregiver Support program, in collaboration with Family & Children's Association, are offering these FREE support groups for caregivers who are caring for a loved-one with Alzheimer's disease or other related dementias.

To Learn more about our support groups, or to find out if a group is right for you:
